00 to 020. Welcome, and agenda. Good morning, team. Thanks for joining today's quick sync. We have two main topics to cover in the next two minutes, a quick review of last week's project milestones and an update on our timeline for the upcoming product launch. 20 to 050 project progress. First off, great work on wrapping up phase one. The design team finalized the new UI mockups and client feedback has been overwhelmingly positive. On the dev.
